Appendix III: Admission timeline by Faculty

Appendix IV: Language Qualifications

1. Submission of applications

Application period

From 4 November 2024 to 31 May 2025.

The University of Deusto (hereinafter, UD) cannot ensure that there will be places available in all degree programmes after 31 May. This will depend on demand, candidates' profile and admission results.

Deadlines will only be extended (as of 1 July) if there are places available on any programme. This information will be published on our website at www.deusto.es/masteradmission

See studies in Appendixes I and II and calendar in Appendix III.

If you apply for a joint degree programme with foreign universities, please note that they have their own application process. Please see www.deusto.es/masteradmission website for further details.

Please note that the UD will be closed for the Christmas break between 21 December and 1 January (both inclusive) and for the Holy Week and Easter between 17 and 27 April (both inclusive). On 9 December 2024 and 2 May 2025 it will also be closed.

Self-service application

In general, only online applications will be accepted.

- Go to deusto.es/virtualoffice

Register.

Please note: Foreign candidates with a Foreigner Identity Number Card (NIE) must register with this number.

Applications for admission to official degree programmes and the UD's own degree programmes are processed independently. Depending on the programme you wish to apply to, you must go to the following sections:

- Official Master's degrees: Enter your login details. Choose "Bachelor's/Master's/PhD degrees", "Pre-enrolment in official master's degrees" and "Student pre-enrolment".
- UD Continuing Education Master's Programmes: Enter your login details. Choose "Bachelor's/Master's/PhD degrees", "Pre-enrolment in Deusto degree programmes" and "Student pre-enrolment".

You must complete the requested data fields and attach the supporting documents in both cases.

If you wish to apply for both Official master's degrees and UD continuing education master's programmes, you must complete two applications for admission, one for each type.

You should submit your application as outlined below along with the supporting documents specified in section 1.4 in these Instructions.

By submitting this application, you declare and agree that the information you have provided in it and the supporting documents are true.

1.1. How to start

Programme choice – Degree programme you are interested in applying for

You can choose to study a degree programme taught on one campus (Bilbao or San Sebastian) or on both in your application form. You may choose up to three degree programmes in order of preference. It is not compulsory to include all options. You should include them only if you are interested in applying.

You must select your preferred degree programmes from the list of options available on the display menu.

Important: The (BI) reference shows that the degree programme is assigned to the Bilbao campus for administrative purposes and those with the (SS) reference to the San Sebastian campus.

Non-Spanish speaking candidates

Non-Spanish speaking candidates must have a good knowledge of Spanish language equivalent to the B2 level of the CEFR (see Appendix IV). This does not apply to study options taught entirely in English.

Change of degree programme choice

Exceptionally, you may request a change in the order of your preferred choices or add new courses at the General Secretariat, provided that you have not already paid the pre-enrolment fee or have obtained the Letter of Admission.

Modes of study (in the self-service system it is listed as "Continuous enrolment requirement")

If you are granted admission, you can only enrol in the mode of study that you entered in the application form and is indicated in your Letter of Admission.

Courses can be pursued on a full-time or part-time basis. Please specify so in your application:

- *Full time mode*: Enrolment for a total number of credits higher than 50% of the number of ECTS credits that make up the full course in which you enrol.
- *Part-time mode (except for Joint Programmes)*: enrolment in a total number of credits equal or less than 50% of the credits that make up the full course in which you register.

Prior to the start of the enrolment period, students may apply for a change from one mode of study to another in writing to the General Secretary, who will make a decision on the application based on the assessment received from the relevant programme coordinators.

Once enrolment has been made, no changes can be made in the mode of study throughout the academic year.

- *Admission for simultaneous degree programmes*: If you are enrolled in other official university programmes of the same cycle and you intend to continue them the following year, please indicate so in the "Student remarks" field. Please note that the regulations on student progression and continuance of UD degree programmes limit the maximum number of new credits that can be enrolled in.

1.2 Personal Data

Please enter your personal data as they appear on your identification document.

Your contact details must be up to date at all times. Therefore, if the information you provided to us has changed, please contact the General Secretariat.

Please ensure that your email address is entered correctly, as it will be the primary means of communication between the University and the applicant.

1.3. Qualifications for entry

Please indicate the university and entry qualifications to the degree programme you applied for and complete the required data. If you do not find them on the list, please select "Other/Not specified".

In the case of the Master's Degree in Law and Legal Practice, candidates cannot be admitted only with a foreign qualification. They must hold an official Spanish Law degree.

In the case of the Master's Degree in General Health Psychology, applicants must hold an official Spanish Bachelor's Degree in Psychology.

Alternatively, they can gain admission to the Master's programme with a foreign qualification that is considered suitable for entry.

1.4. Attach supporting documents

Applications must be accompanied by the required supporting documents listed below in order to be accepted for processing.

As the submitted documents are not the original documents, applicants will be responsible for ensuring the veracity of the information provided.

You must select the document from the drop-down menu and attach the file corresponding to that document.

Important: **only one file can be attached to each document.**

The candidate's valid identification document (both sides)

- ID card for Spanish citizens;
- TIE or Passport for foreign citizens. For EU citizens, the identity card will also be accepted. If you have a NIE (Foreigner Identification Number), you must also provide it.

If your date and place of birth do not appear on your identity card, you must provide proof of these personal details, as this information will be shown on your degree certificate.

Marks obtained in official university entry qualifications ⁽¹⁾ up to the time of application.

Certificate issued by the university or competent body, accrediting that the degree certificate obtained is valid for access to Master's programmes in the country where it was issued. Only applicable for degree certificates issued by foreign universities. The European Diploma Supplement containing this information may be provided.

Motivation letter: a two-page statement (maximum 800 words) for each degree programme applied for outlining your motivation, potential to study successfully at postgraduate level and future professional interests. If you are applying for more than one degree programme, you must attach a single file with all the letters, indicating which degree programme each letter is addressed to.

Curriculum Vitae with the relevant supporting documents.

Certification of competence in a foreign language (and/or Spanish) required in the programme, if applicable. Please find out more at Appendix I and Additional requirements for enrolment.

⁽¹⁾ Those who had completed these studies at the UD can download the transcript from the Virtual Office/Extranet and attach it.

Requirements for documents issued abroad:

Documents issued abroad must meet the following requirements:

- Be official and issued by the competent authorities, in accordance with relevant legislation in the country concerned.
- They must be accompanied, if appropriate, by the corresponding certified translation into Spanish, English, French or Italian.

Please note: The qualification granting access to the programme must be submitted at the time of enrolment. It must be legalised or authenticated by the relevant diplomatic authorities, or, where necessary, certified by The Hague Convention Apostille. This is not required for documents issued by the authorities of the Member States of the European Union, or signatories of specific exemption agreements.

If the Bachelor's degree for entry to an official Master's degree is a degree in Theology or Religious Sciences, you must provide:

- Recognition of civil effects from the Ministry.
- Or, failing this, while it is being processed, proof of entry qualification to undergraduate degree studies (for example, baccalaureate qualifications).

Additional requirements for enrolment in some studies:

Language requirements: Candidates applying for admission to a degree programme that requires proof of a minimum language level may:

- Attach a language level certificate: A valid certificate must be provided as described in Appendix IV.
- Provide proof of language level by entry qualification: if the entry qualifications have been completed in the required language, a certificate stating this fact must be provided.

The submission of an external certificate, according to Appendix IV or entry qualifications, will be required for enrolment.

1.5. Confirm your application

Once you have completed the application for your first programme choice, you can add further study options up to a maximum of three.

Once confirmed, you can view a summary and send it to your email address.

Experience has shown us that institutional emails may cause collective notifications sent from the University of Deusto to be treated as SPAM, unsolicited emails or advertising promotions.

Submission of application does not oblige candidates to officially enrol in the programme.

2. Application status

All applicants will be notified by email of the admission decision concerning their course choices in order of preference. While each of your course choices is processed, you can track the status of your application at: www.deusto.es/virtualoffice

These resolutions are not binding and are not final until the aforementioned communication is received by email.

The status of each of your course choices you entered in the application form will be one of the following:

Application Status:

Requested

Application received and awaiting processing.

Not admitted

Application not admitted because it does not meet the entry requirements to the degree programme or it was not completed within the deadline.

Incomplete application

Application on hold because it is incomplete.

Once the required supporting documents have been provided, the applicant must ensure that the application has changed to "Validated" status.

If you need any further information to complete your application, please contact the General Secretariat. If the applicant does not provide all the required documents within the established deadline, the application will be considered "Not admitted".

Validated

Application admitted for processing and awaiting a decision.

Decision Status:

Admitted

The applicant has obtained a positive assessment to enter this programme choice.

Declined

The candidate's application has not received a favourable assessment based both on their entry profile and the status of other applicants.

Application on hold

This means that the assessment is not final yet and your application must be re-assessed in later stages of the admission process.

Allowed to enrol

The candidate has been granted admission and can be offered a Letter of Admission for their preferred choice.

Admission expired

The candidate has lost their place in this programme and cannot obtain a Letter of Admission to the programme choice. This may be due to the following reasons:

- The admitted candidate (on an "allowed to enrol" status) has failed to pay the compulsory pre-enrolment fee. Therefore, they cannot obtain the Letter of Admission for that study option.
- The candidate has not enrolled in their chosen programme within the designated period.

Cancelled by administration

The application to a programme choice has been cancelled because the candidate has obtained the Letter of Admission to another option.

Withdrawal

The candidate has withdrawn their application from this programme choice.

The UD will issue only one Letter of Admission per applicant, according to the preferred order, provided that the specific entry requirements for each programme, if any, are met. The Letter of Admission will be sent by email.

Please note: The Letter of Admission must be kept until enrolment has been successfully completed.

Enrolment is by appointment only within the allotted period.

Candidates who receive an "allowed to enrol" decision will receive an invitation to create an Open Deusto email account, where they will receive all subsequent emails from the University.

3. Admissions timeline

Each centre follows a timeline to process its applications.

- Deusto Law School, Deusto Business School - DBS, the Faculty of Human and Social Sciences and the Faculty of Engineering will start to process applications in November (Phase 1).
- The Faculties of Health Sciences, Education and Sport, and Theology will issue decisions starting from March (Phases 3 and 4).

The Faculty of Theology will keep the application period open until September 2025 (inclusive).

If a candidate opts for programmes at various centres, application decisions on all the options will be made at the earliest possible time so that candidates can make their decisions.

The date on which your application for admission is complete will determine the date of the decision, notification, and the deadline for paying the pre-enrolment fee.

Please see Appendix III for the full admissions timeline and the deadlines for each phase.

In the case of new master's degrees, if there are not enough admissions, admission decisions may be delayed.

Important: the UD does not reserve places for each phase. In the case of high demand programmes, all places could be filled at an early stage if candidates' profiles are suitable.

4. Pre-enrolment

As there is a limited number of places on each degree programme, the UD has established the "Pre-enrolment" system for all official degree programmes and some Deusto's own degree programmes (see Appendix II). This system guarantees you a place on the degree programme you have been admitted to upon payment of a deposit that will later be deducted from the total tuition fees. You will be eligible to enrol if you meet the requirements within the assigned enrolment deadline.

You must reserve your place to obtain the Letter of Admission. This Letter of Admission is required to enrol.

Successful applicants will receive detailed information on the steps required for pre-enrolment once they have been admitted.

The UD will only refund the pre-enrolment fee in the following cases:

1. In the event that the candidate exercises the right to withdraw from the contractual relationship arising from the reservation of a place during a period of fourteen calendar days following payment, without stating the reason and without incurring any cost, in accordance with art. 102 of Royal Legislative Decree 1/2007, of 16 November, which approves the revised text of the General Law for the Defence of Consumers and Users and other complementary laws.
2. In the event that the candidate has not met the legal requirements established for admission to the programme or does not meet all the requirements established by the UD for enrolment in the programme. This reimbursement will be made upon application, subject to the applicant's providing evidence of such a situation. In no case shall the fact that the candidate has been admitted to another programme be considered a justified reason.
3. In the event that the study is not given because a minimum number of applications has not been reached.

Requests must be submitted in writing to the General Secretariat on the relevant campus.

This can be done in person, by post or email, by attaching a photocopy or image of the identity document.

5. Recognition of subjects

In accordance with the current regulations, you may apply for the recognition of subjects based on:

- Previous official university studies (whether completed or not), in an equivalent or higher cycle.
- Previous non-official university studies (whether completed or not), in an equivalent or higher cycle.
- Professional or work experience.

To this end, you will be required to submit the duly completed application form at the General Secretariat, along with the following supporting documents, **by 19 September 2025 (inclusive)**:

- *Recognition of previously completed university studies (both official and non-official):*
 - Personal academic record; a certified photocopy (or a photocopy and original document to check authenticity) ⁽¹⁾
 - The syllabus of each subject to be recognised, stamped by the issuing centre and for the academic year when it was completed ⁽¹⁾

⁽¹⁾ UD graduates are exempt from submitting this document.

- *Recognition of previous work or professional experience:*
 - Curriculum vitae
 - Employment Record
 - Evidence of merits to be assessed.

Recognition will be made once enrolment has been completed.

Candidates who need to be informed of the decision on the recognition process before making a decision and, therefore, prior to the payment of the pre-enrolment fee, must request a preliminary report. To this end, they should send an email within the application period of the phase in which they are applying and provide the supporting documents listed in this section to:

- secretaria.general@deusto.es, for degree programmes on the Bilbao campus
- secretaria-general.ss@deusto.es, for degree programmes on the San Sebastian campus.

6. Social Action and Inclusion

The service promotes specific measures to promote inclusion and equal opportunities for students with specific educational support needs: curricular adaptations, financial grants, paid internships, etc. Further information: accionsocial@deusto.es and deusto.es/accionsocial
