

EXPERT DIPLOMA IN SEXUAL VIOLENCE INTERVENTION

Graduate Profile

The graduate profile will be that of a person trained, both theoretically and practically, in the prevention, identification, assessment and intervention in the field of sexual violence, from a holistic, intersectional and interdisciplinary perspective, based on quality and innovation. The development of the programme enables improved employability conditions in:

- *Direct support, awareness-raising and prevention provided by public institutions, particularly crisis centres and social services.*
- *Intervention, awareness-raising and prevention carried out by associations and private organisations.*
