Health insurance offered by the consortium is obligatory for students outside of the EU/EEA. For EU/EEA students it is not compulsory to get insured via the programme. In case of questions send an email to euroculture@rug.nl

Consortium Waiver

The Consortium waiver is always offered to selected self-funding EU/EEA students, unless they receive another scholarship **fully** covering the tuition fees and living costs. The decision to grant a waiver to a selected student will be based on the information entered in the waiver application form. The form is sent to individual selected students.

For EU/EEA students of the 2020 intake this waiver **reduces the overall applicable tuition fee by €2.200** ((from €9.000 including insurance or €8.100 without insurance to €5.900 or €6.800 for 2 years, respectively).

For non-EU students, this waiver is unfortunately not available.

Please note that the waiver amount may vary from one year to the other.
