Interdisciplinary Research Platform **Gender**

Towards Gender Equal Societies

Research and innovation to promote gender equality in education, society and institutions

Who we are

Around 40 researchers and experts from different fields of knowledge working together to promote equal opportunities for men and women, to fight against gender-based violence and to foster structural change.

What we do

- Interdisciplinary and intersectoral collaborative research bringing together DEUSTO researchers with local, regional and international partners
- Active involvement in regional, national international networks of excellence and research projects
- Co-creation in the identification of local and international social needs

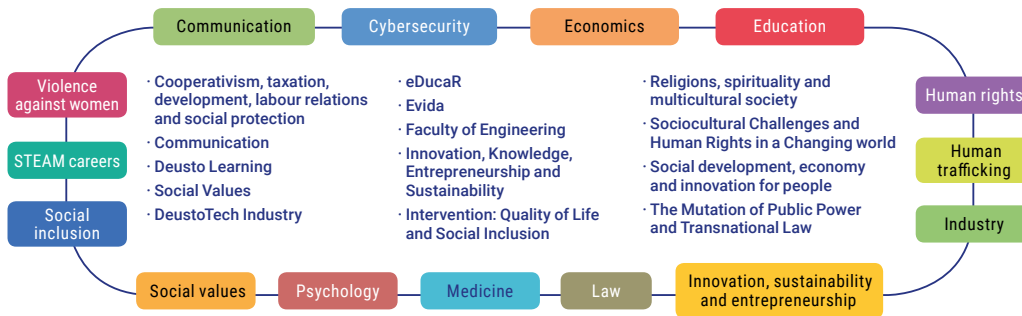

- Helping meeting UN Sustainable Development Goals:

What we offer

INTERDISCIPLINARY COLLABORATION

14 research units in 15 knowledge areas working interdisciplinarily to address gender-related challenges

INTERSECTORAL COLLABORATION

Working with more than 60 institutions at the regional, national and international levels

PARTNERSHIP WITH INTERNATIONAL, NATIONAL AND REGIONAL NETWORKS

- Association for women researchers and Technologists ([AMIT](#))

- Community-sourced internet portal for sharing knowledge and inspiring collaborative action on gender and science ([GenPORT](#))

- Gender Group of the Spanish Association of Political Science and Administration ([AECPA](#))

- Gender, Science, Technology and Environment ([GenderSTE](#))

- Network of Gender Equality Units for University Excellence ([RUIGEU](#))

- Rede de investigación en igualdad, derechos e Estado social ([armela](#))

- The Basque Institute for Women ([Emakunde](#))

- University Social Responsibility Network ([USR NETWORK](#))

RESEARCH WITH IMPACT ON:

Promoting institutional change

- Removing barriers to female recruitment
- Addressing gender imbalance in decision-making bodies
- Integration of the gender dimension in research
- Implementation of Gender Equality Plans in universities ([H2020 Gearing Roles](#))

Fostering gender equality in STEAM careers

- Increased participation of girls in STEAM careers ([Inspira STEAM](#))
- Recognition of women's contribution to science and technology ([Ada Byron Award](#))

Integrating the gender perspective in medicine

- Identification of new tools to promote the value of human dignity through public healthcare policies based on Gender-specific Medicine

Preventing Human Trafficking

- Prevention, investigation and assistance to victims of human trafficking
- Development of new approaches to investigate cases involving human beings trafficking and to mitigate the impact on victims
- Close collaboration with civil society organisations, NGOs and LEAS

Fighting against gender-based cyber violence

- Prevention and response to cyber sexual- and gender-based violence
- Capacity-building for relevant professionals
- Awareness-raising and empowerment of (potential) victims through education
- Tackling prejudices and gender stereotypes and norms that encourage or condone violence
